

Dear Razorback families,

Unfortunately, we have been informed by the league that the IBLA season is cancelled this year. While it is not unexpected, it is still extremely disappointing. Because of this, the Razorbacks will be canceling our 2020 season.

We recognize that many of our families are facing a lot of struggles right now, including financial struggles, so we are preparing to issue full refunds to everyone as soon as possible, recognizing that we will have to use the Razorbacks' reserves to cover the expenses we still have for the year including Park District fees, league fees, rental fees, and some other expenses.

We plan to begin processing refunds shortly. We are organizing multiple drop off locations for you to return your uniforms. We will send those details out soon. Once we receive your uniforms, we will begin processing your refund. This will include your player fees, uniform deposit and shooter shirt monies, if you ordered one.

Please note, the Razorbacks are a non-profit organization. We understand it may be difficult at this time for many people, however, if you are at all interested in donating any or all of your player fees or uniform deposit to the organization, it would go a long ways for helping us in these troubled times as well. Once we send out the jersey return instructions, if you are at all interested in donating back to the club, please let us know.

We are hopeful that over the next several weeks we will learn more about what social distancing will look like for us over the next few months. Typically the Razorbacks do not have activities planned over the summer, however, we are committed to finding a way to have our kids play lacrosse in some form or fashion this summer. Although we are unsure what that may look like at this point, we are optimistic about finding a way for all our athletes to play lacrosse again, and get the Razorback family reunited in some form. As we get more guidance and if we are able to formulate a plan, we will let you know as soon as possible.

We hope you all are staying safe and healthy. We miss all of our players and their families. We can't wait to get together again.

Rockford Razorbacks Coaches and Directors
